New business

Launch of an airport transfer service, in collaboration with SmartRyde

Inbound Platform Corp. (Headquarters: Tokyo, CEO: Shin O), a company that develops various services related to tourism in Japan (consulting, media, chat concierge, Wi-Fi, RV rental, currency exchange) with the vision of "I want to visit Japan, again", in collaboration with SmartRyde, Inc (Headquarters: Taito-ku, Tokyo, CEO: Sota Kimura, hereinafter referred to as SmartRyde), is pleased to announce that we have started to provide airport pick-up and hire services to the customers of the COVID-19 PCR examination reservation website for foreign residents in Japan.

■ Outline of this initiative

Due to the impact of COVID-19, it is currently difficult for people traveling overseas and returning to Japan to use conventional public transportation. The need for safe, secure, and non-crowded means of transportation is increasing.

Under such circumstances, we decided to provide SmartRyde's domestic airport transfer service to customers of our PCR examination reservation website for foreign residents in Japan.

To ensure that customers feel safe, SmartRyde is also implementing measures to prevent the spread of COVID-19: drivers wear a mask, the vehicle is ventilated, various sterilization devices are available.

■ About SmartRyde

Smartryde is a company that develops "SmartRyde", an airport transfer reservation service with drivers that own a professional driver's license in over 500 cities in 150 countries. SmartRyde is known as a service that offers safe, secure and smooth transportation thanks to our carefully selected professional drivers, all of that at a reasonable price.
